

PLATINUM PVC POWERSKIRTING

JULY 2021

Platinum PVC Powerskirting is manufactured from SCI EPP uPVC (unplasticized polyvinyl chloride). This is a tough, rigid material with excellent resistance to chemicals aging. SCI EPP uPVC material is lead and cadmium free, is difficult to ignite and is self-extinguishing.

Platinum PVC Powerskirting is suitable for office environments and light industrial applications.

Platinum PVC Powerskirting is **NOT** suitable for outdoor or high UV applications.

Platinum PVC Powerskirting is supplied in 3 metre standard lengths complete with cover/s.

Platinum PVC Powerskirting is lightweight and easy to instal having features seen in European systems.

Full installation instructions are supplied with each length of Platinum PVC Powerskirting.

Platinum PVC Powerskirting has clean, aesthetic lines and supplied in three standard colours - black, grey or white

POZI-LOCK COVER
(Top & Bottom
Locking System)

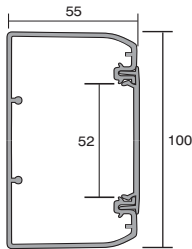

**Pre-punched
at 260mm centres
for easy installation**

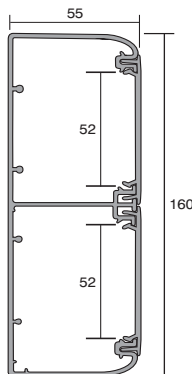

Platinum PVC Powerskirting is supplied with protective tape on all covers and on the top side of the duct body to prevent scratching during installation.

It's important to note that the standard colours shown in this price list and / or catalogue will probably look different to the physical Platinum PVC Powerskirting colours. Although we do our very best to make sure colours displayed herein and on our Website are accurate, the actual colours may vary. The colours shown are for reference purposes only.
